Kevin Fortkiewicz
Campaign Finance Analyst
Federal Election Commission

Identification Number: C00544551

Reference: Request for Additional Information - Issued September 5th, 2022

Dear Mr. Fortkiewicz,

Heartland Resurgence inadvertently failed to timely file a 24-hour independent expenditure report, which was disclosed when alerted to its existence and was also reported in the July Quarterly Report.

Here, the information and notification of the expenditure were not conveyed in a timely manner from the accounting manager who until now, disbursed the payments and then provided the information to the compliance team filing the reports. As soon as the compliance team realized the omission, the report was filed immediately to ensure that they were placed on the public record.

Heartland Resurgence takes the Federal Election Campaign Act seriously and has acted in good faith to follow all applicable regulations and deadlines. The Committee has reviewed its process thoroughly, has altered the procedures in place for both 24-hour and 48-hour reporting, and has shifted full accounting responsibilities to its compliance team to ensure all independent expenditures are timely and accurately reported. With our new structure, we do not anticipate any further issues regarding independent expenditure reporting.

Sincerely,

Christian Morgan
Treasurer
Heartland Resurgence
